“This really is, for a savvy buyer, a perfect vehicle for today's modern business.”

THE SCOTTISH FARMER

*5 year / 125,000 miles (whichever comes first) warranty applies to all new Isuzu D-Max models. **3.5 tonne towing applies to all 4x4 models. †Single cabs are subject to commercial vehicle speed limits.

SMARTER.

The Isuzu D-Max Utility is packed with intelligent drive features that let you focus on the job.

TOUGH EXTERIOR

Available in a choice of single, extended or double cab, there's an Isuzu D-Max Utility for all requirements.

Equipped with durable steel wheels and hard-wearing black plastic bumpers, door mirrors and door handles, the Isuzu D-Max Utility is ideally suited to the working environment.

A step is integrated into the rear bumper making it easier to access the load area and a tailgate damper is standard on Utility Double Cabs.

INTELLIGENT DRIVE

Automatic headlights feature high beam assist and automatic windscreen wipers will activate when moisture is detected on the windscreen.

Speed-sensitive power steering makes steering lighter at lower speeds, so it's easy to manoeuvre in tight spaces, and heavier at higher speeds for stability and control.

Improve fuel economy and reduce emissions with our Stop & Start system. This efficient feature turns off the engine momentarily when the truck is at a standstill.

SMARTER.

PRACTICAL INTERIOR

Vinyl flooring and cloth upholstery are the ideal partner for working environments.

An ergonomic seat design improves comfort and reduces fatigue with a 6-way adjustable driver's seat and lumbar support as standard. Perfect for trucks with multiple drivers, the height and reach adjustable steering wheel guarantees that all operators can achieve their correct seating position.

Air conditioning, cruise control, DAB and Bluetooth® ensure the cabin is a comfortable and convenient place to work.

STRONGER.

With formidable load and towing capacity, the Isuzu D-Max is built to get the job done.

STRONG HAUL FOR THE LONG HAUL

Carrying over a 1.1 tonne payload, the Isuzu D-Max Utility loves work loads.

It has a 3.5 tonne towing capacity* and is equipped with trailer sway control* that can detect the onset of trailer swing and reduce vehicle speed if sway is identified.

ALL-TERRAIN CONFIDENCE

4WD shift-on-the-fly* has three configuration settings to suit different terrains and conditions.

Hill Start Assist and Hill Descent Control are standard on all Utility models. This practical specification helps the driver negotiate hills smoothly and get the job done safely.

Built on a durable ladder chassis, the Utility has additional underbody protection covers to safeguard key components when travelling off-road.

*4x4 models only

“Refined, stable and smooth. No nonsense pick-up.” YORKSHIRE POST

SAFER.

Best-in-class safety features—plus a maximum 5 star NCAP rating—take pick-up safety to a whole new level.

THE NEW-LOOK ISUZU D-MAX BUSINESS RANGE

ADVANCED DRIVER ASSIST SYSTEMS (ADAS)

FORWARD COLLISION WARNING

Monitors the road ahead and alerts the driver of a potential collision.

AUTONOMOUS EMERGENCY BRAKING

Automatically applies the brakes to either prevent an accident or reduce the severity of an impact depending on speed.

TRAFFIC SIGN RECOGNITION

Reads standard road signs ahead and displays any change in speed limit on the Multi-Information Display.

INTELLIGENT SPEED LIMITER

Keeps vehicle speed below the speed limit of the road it is travelling along.

LANE DEPARTURE WARNING

Alerts the driver if they are about to drift out of their lane.

LANE DEPARTURE PREVENTION SYSTEM

Adjusts steering direction to help prevent lane departure if the vehicle is about to depart its lane without indicating.

BLIND SPOT MONITOR¹

Detects vehicles in the driver's blind spot and alerts the driver via an orange warning light in the door mirror.

EMERGENCY LANE KEEPING¹

If there is a vehicle in the driver's blind spot when changing lanes, the system will adjust the steering direction to prevent the lane change and avoid the collision.

REAR CROSS TRAFFIC ALERT¹

Detects vehicles approaching from the left or right while reversing out of a parking space.

ADAS are driving support systems which may not operate optimally under all driving conditions or for all objects. The driver is always responsible for safe and attentive driving and observance of traffic regulations. See Owner's Manual for complete details on system operation and limitations. ¹Double Cab models only.

BLIND SPOT MONITOR¹

STEREO CAMERA

“A surprising amount of premium kit.”

4X4 MAGAZINE

UTILITY 4x2 & 4x4 SINGLE CAB

If capacity is a priority, the single cab measures up with our longest load bed of 2,315mm.

UTILITY 4x4 DOUBLE CAB

Our most versatile cab type, it will comfortably seat up to five occupants while the standard size load bed will accommodate all of your tools.

UTILITY 4x4 EXTENDED CAB

Offering an extended load bed of 1,805mm, it has the flexibility to carry two additional passengers on folding rear seats.

KEY FEATURES

EXTERIOR

- Automatic Headlights with High Beam Assist
- Automatic Windscreen Wipers with Rain Sensor
- Steel Wheels
- Full Size Spare Wheel
- Tailgate Damper (Double Cab Only)

INTERIOR

- Cloth Upholstery
- 6-Way Adjustable Driver's Seat
- Driver's Seat Lumbar Support
- Front Cup Holders
- Front Door Pockets with Bottle Holder
- Vinyl Floor Covering

ENTERTAINMENT

- Bluetooth® Connectivity
- DAB Radio
- CD Player
- Two Speakers
- Front USB Port

COMFORT & CONVENIENCE

- Height and Reach Adjustable Steering Wheel
- Steering Wheel Mounted Audio & Cruise Controls
- 4.2" Multi-Information Display
- Manual Air Conditioning
- 12-Volt Power Outlet

SAFETY & SECURITY

- 4WD Shift-On-The-Fly*
- Speed-Sensitive Power Steering
- Trailer Sway Control*
- Hill Start Assist & Hill Descent Control
- Advanced Driver Assist Systems (ADAS)
- Stop & Start System**

*4x4 models. **According to conditions, the Stop & Start system will automatically stop and restart the engine when the vehicle comes to a standstill to reduce fuel consumption and emissions.

Low	27.6			
Mid	36.4			
High	39.4			
Extra-High	30.8			
Combined	33.6			
CO ₂ emissions (g/km)	220			
Emissions Class	Euro 6D			

¹MPG figures are EU test figures for comparative purposes and may not reflect real driving results. There is a new WLTP test used for fuel consumption and CO₂ figures. The fuel consumption and CO₂ emissions shown are based on the WLTP testing method. Only compare fuel consumption and CO₂ figures with other vehicles tested to the same technical standard. The fuel consumption you achieve in real life conditions and CO₂ produced will depend upon a number of factors including accessories fitted (post-registration), variations in weather, driving styles and vehicle load etc. ^{*}Maximum payload capacity as defined by HM Revenue and Customs for VAT purposes. Payload is gross vehicle weight minus kerb weight. Kerb weights quoted are for vehicles with standard specification. Kerb weight and payload may be influenced by badge level, factory options and dealer fitted accessories. It is the responsibility of the vehicle operator to ensure their vehicle is legally compliant for road use.
